WETLAND INVENTORY IS SUBJECT TO CHANGE

This map is for planning purposes only. It has been adopted by the City of Albany and approved by the Oregon Division of State Lands. You are advised to contact the Oregon Division of State Lands and the U.S. Army Corps of Engineers with any regulatory questions. Mapped wetland boundaries are accurate to within 25 feet, however, there may be unmapped wetlands subject to regulation. In all cases, actual field conditions determine wetland boundaries.

For additional information, including wetland determination data forms, wetland assessment summary sheets, and significant wetlands assessment sheets, see the report prepared by Pacific Habitat Services, Inc., entitled "City of Albany Local Wetlands Inventory East of I-5", on file in the office of the Albany Community Development Department, 333 Broadalbin St. SE, Albany Oregon.

The City of Albany's Infrastructure records, drawings, and other documents have been gathered over many decades, using differing standards for quality control, documentation, and verification. All the information provided represents current information in a readily available format. While the information provided is generally believed to be accurate, occasionally this information proves to be incorrect, and thus its accuracy is not warranted. Prior to making any property purchases or other investments based in full or in part upon the information provided, it is specifically advised that you independently field verify the information contained within our records.
